

High-performance noise-cancelling technology provides exceptional voice clarity

Introducing the ALPHA™ lapel microphone. Revolutionary, noise-cancelling technology combined with an industrial, rugged design, creates a new standard of performance for lapel mics.

ALPHA™ features high-performance noise-cancelling capabilities and user-friendly features at a very competitive price, making it the ideal for daily use in nearly all high noise, industrial, and public safety applications. Our innovative technology ensures optimum performance and voice recognition.

ALPHA™ includes an accessory jack for pairing with radio monitoring earsets, such as CavCom's complete line of RadioGear® products. The slim and ergonomic profile is lightweight, easy to use, and comfortable to wear.

ALPHA™ is the new standard in high performance remote lapel mics.

Mechanical Specifications:

- PTT switch life: 1 million cycles
- Cable pull: 40 lbs

Environmental Specifications:

- Operating temperature: -22°F/-30°C to 140°F/60°C
- IP68 rated (immersion in 1 meter of water for 31 minutes)
