

NEW Heavy Duty Headset with Bluetooth

Joining our line-up of cell phone communication earsets, *CellEarz™* and *Phantom™-Android*, CavCom is pleased to introduce a new Bluetooth option for our [Classic™ heavy duty headset](#). Ideal for high noise environments where communicating clearly is critical, *Classic™* offers superior hearing protection and a noise-cancelling boom microphone. The new Bluetooth option allows wireless connection to cell phones and other BT-enabled devices, with or without cable connection to a traditional two-way radio.
