

TourEarz™

Group Tour and Training Communication System

Imagine plant tours and trainings where every word is heard

Improve Group Engagement & Safety

Designed specifically for industrial plant tours and trainings, *TourEarz™* makes loud noise a non-issue. *TourEarz™* delivers exceptional communication clarity with a system that's reliable, simple-to-use and provides phenomenal hearing protection. *Phantom™* headsets and *RadioGear®* monitoring earsets ensure comfort for both guides and attendees while keeping groups engaged by clearly relaying every crucial word.

Clear Audio Clarity

Lightweight

Robust Case for Safe Storage

TourEarz™ Communication System

Be heard above the noise.
